Law Enforcement Defensive Tactics Training Course

Date: Friday April 17, 2020

Time: 8 hours 0800-1700

Facility: Tactica Headquarters, 1030 Duane Ave, Santa Clara

Tuition: \$450 / student

This is an 8 hour intensive format course, designed for all peace officers. This course provides a deeper study of some of the core concepts necessary for officers to respond to critical incidents safely. We will focus on building skills to handle high-stakes scenarios throughout the continuum, including growing your de-escalation skills and practicing decision making under pressure. We will also expand your arrest & control tactics, as well as developing your weapon retention and mask retention.

- De-Escalation
- Prevention & Decision Making
- Arrest & Control
- Weapon Retention
- Mask Retention

Instructor Danny Zelig is a premier Krav Maga expert, instructor, and teacher trainer. He is a 2nd generation Israeli Krav Maga instructor of Imi Lichtenfeld (founder of Krav Maga), certified directly by Imi's most senior disciple and Head of the Rank Committee. He has been actively practicing and teaching Krav Maga to civilians, military, and law enforcement for over 30 years.

During his military service, Danny served as an Infantry Staff Sergeant for an active combat unit within the elite Golani Brigade of the Israel Defense Forces (IDF), including tours of duty in Lebanon and the occupied territories. After being selected to become a Military Krav Maga Instructor, he received his certification in 1987, and subsequently taught Krav Maga in the IDF to active infantry service members for the remainder of his service. With his background and proven results, he has continued to be in demand as a top instructor for private and public security agencies both in Israel and the US.

Danny founded Tactica, and as Head Instructor oversees Tactica's rigorous tactical and civilian instructor certifications and continuing education for current instructors.
